Summit Polymers Inc., has applied to the Kentucky Division for Air Quality for a permit to operate a plastic automotive parts manufacturing facility at 2201 West Park Road, Elizabethtown, Kentucky. The plant is classified as a Conditional Major/Synthetic Minor source due to its having potential emissions of criteria and hazardous air pollutants greater than a major source threshold. This permit contains practically enforceable limitations to restrict this source's potential emissions to less than major source thresholds.

An electronic copy of the draft permit should shortly become available at <http://www.air.ky.gov/permitting>. Copies of the draft permit and relevant supporting information are available for inspection by the public during normal business hours at the following locations:

The Division is soliciting comments on the draft permit and affording the opportunity for a public hearing. To be considered, any written comments or requests for a public hearing must be postmarked within 30 days following the date of this notice. Comments and/or public hearing requests should be sent to Mr. James Morse at the above Frankfort address. Any person who requests a public hearing must state the issues to be raised at the hearing. If the Division finds that a hearing will contribute to the decision-making process by clarifying significant issues affecting the draft permit, a hearing will be announced. All relevant comments will be considered in issuing the final permit. Further information can be obtained by calling Rick S. Shewekah at (502) 573-3382 or email at Rick.Shewekah@ky.gov.
